Four Tips to a Successful Spring Semester

SCHOLARSHIPS

College of Human Sciences and Department of Kinesiology Scholarships
Applications for scholarships from the College of Human Sciences and the Kinesiology Department are due at 5 p.m., Feb. 14th.

First, complete the CHS application and you will be considered for any scholarships for which you are eligible. Once you submit the CHS application, you will be routed to the scholarships for Kinesiology and Athletic Training. You must complete the Kinesiology Department information to also be considered for Kinesiology and Athletic Training scholarships. Read the descriptions to determine which scholarship(s) apply to you. If you are a new freshman or transfer student this fall, remember to apply as a “current student” because you are no longer considered an incoming student.

Late applications will not be considered and the online system will not allow you to submit your application after the deadline. If you have questions, contact Carol Cordell, ccordell@iastate.edu, 515-294-4090.
SCHOLARSHIPS Continued

Roy J. Carver Scholarship Program is funded by the Carver Charitable Trust in memory of Roy J. Carver, who achieved success through his own initiative and hard work. Scholarships are available to students with great potential and promise, who work hard to make ends meet, or are faced with debilitating circumstances in their lives.

Twenty scholarships are available to ISU students or transfer students who will start their junior year fall semester of the award year. Awards average $5,200 each and will be considered for renewal for the senior year based on a cumulative GPS of 2.80 and continued financial need.

The application deadline is April 1st.
