Flagship Fridays
What IF -- Innovators Forum
Reserve your place NOW for our Student Innovation Center’s ONLINE innovation conversation forum

The Student Innovation Center will feature "Flagship Fridays What IF-- Innovators Forum," an interviewer moderated, on-line conversation session with leaders representing a diverse scope and scale of innovation. Our universities do an excellent job of incorporating technical, hands-on and experiential learning. Yet these experiences rarely afford students that window of insight about those behavioral characteristics that drive successful and industry changing innovation. In our What IF sessions, industry mavericks will share their personal stories of innovation as well as their perspective of how, where, when, and why innovation is such a critical driver of social and economic progress and sustainability.

To participate in the interview sessions, you will need to register for EACH session you plan to attend. Don’t miss this unique access opportunity to change the way you see innovation!

This free service for Iowa State students will provide a 24/7 confidential text line for them when facing a crisis. Simply text “ISU” to 741741. A live, trained crisis counselor will receive the text and respond within minutes.

The counselor will help the student navigate their situation through text messages. Crisis Text Line is not a replacement for long-term counseling, in-person therapy, or a friend. The counselor encourages the texter to reach out locally once the situation has moved out of crisis mode. Thielens Student Health Center, Student Counseling Services and Student Wellness are all available as a resource to help them find a local support person.

Greetings Iowa State University Community,

The Writing and Media Center (WMC) is pleased to provide services for Iowa State University students, faculty, staff, and community members for the Fall 2020 semester. Under normal circumstances, the WMC’s preferred method is to provide services in-person. However, due to the COVID-19 pandemic, the WMC is taking a hybrid approach to service delivery, offering some services in-person and online while others are online-only. For our physical locations, we have reduced capacity and implemented other safety procedures. Meanwhile, for our online services, we increased our offerings to meet demand and to respond to the current situation. For all methods of service, we want to ensure the safety of both our employees and clients.

Information for all services can be found at https://www.wmc.dso.iastate.edu.

One-on-One and Group Consulting
The Writing and Media Center offers one-on-one and group consulting with our graduate and undergraduate consultants. They can work with you on any part of the writing process, including brainstorming, planning, drafting, revising, and polishing. They can also work with you on a variety of disciplines, including the humanities, STEM, business, and the arts. Services are both online and in-person. Please go to https://www.wmc.dso.iastate.edu to schedule an appointment.

Workshops
We offer workshops by request for students, faculty, staff, and community members. These workshops are interactive, occur when it is convenient for you, and are customizable to fit the participants needs. Each workshop lasts approximately 45-60 minutes. Workshops can be online or in-person (provided all safety measures are followed).

Workshop topics include:
  Writing Strategies and Peer Review
