Flagship Fridays
What IF -- Innovators Forum
Reserve your place NOW for our Student Innovation Center’s ONLINE innovation conversation forum

The Student Innovation Center will feature "Flagship Fridays What IF -- Innovators Forum," an interviewer moderated, on-line conversation session with leaders representing a diverse scope and scale of innovation. Our universities do an excellent job of incorporating technical, hands-on and experiential learning. Yet these experiences rarely afford students that window of insight about those behavioral characteristics that drive successful and industry changing innovation. In our What IF sessions, industry mavericks will share their personal stories of innovation as well as their perspective of how, where, when, and why innovation is such a critical driver of social and economic progress and sustainability.

To participate in the interview sessions, you will need to register for EACH session you plan to attend. Don’t miss this unique access opportunity to change the way you see innovation!

This free service for Iowa State students will provide a 24/7 confidential text line for them when facing a crisis. **Simply text “ISU” to 741741.** A live, trained crisis counselor will receive the text and respond within minutes.

The counselor will help the student navigate their situation through text messages. Crisis Text Line is not a replacement for long-term counseling, in-person therapy, or a friend. The counselor encourages the texter to reach out locally once the situation has moved out of crisis mode. Thielen Student Health Center, Student Counseling Services and Student Wellness are all available as a resource to help them find a local support person.
The Summer Health Professions Education Program (SHPEP) staff makes every effort to provide as much information as we can to help SHPEP applicants understand the application process. Therefore, we understand the importance of regularly updating prehealth advisors about our program given the integral role you play in the lives of college students. On behalf of the SHPEP National Program Office (NPO), we’re pleased to announce that the SHPEP 2021 application is now open! We hope you will encourage your eligible advisees to apply.

As many of you are aware, SHPEP is a free six-week summer enrichment program focused on improving access to information and resources for college students interested in the health professions; furthermore, participating students will be awarded a stipend.

Due to the COVID-19 pandemic, physical distancing guidelines, and the closure of some campuses, SHPEP will again be a 100% virtual experience in summer 2021. The pandemic necessitated virtual implementation of SHPEP in 2020, and we are proud that the program was successfully delivered online to more than 930 scholars last summer. Therefore, the NPO is confident in the ability of our program sites to once again provide a valuable and transformative online experience to 2021 SHPEP scholars. Please continue to monitor our website for updates on the status of SHPEP 2021.

To be eligible for SHPEP, students must:

- Be a high school graduate and currently enrolled as a freshman or sophomore in college.
- Have a minimum overall college GPA of 2.5.
- Be a U.S. citizen, a permanent resident, or an individual in the Deferred Action for Childhood Arrivals (DACA) program.
- Not have previously participated in SHPEP.

Although curricula and program dates vary by program site, each program participant will have the opportunity to spend the summer exploring a range of health careers, including dentistry, medicine, nursing, optometry, pharmacy, physical therapy, and public health.

SHPEP offers students a variety of academic and career experiences, including:

- Academic enrichment in the basic sciences and quantitative topics.
- Learning and study skills development, including methods of individual and group learning.
- Clinical exposure through virtual health care settings, simulation experiences, and seminars.
A financial literacy and planning workshop that teaches financial principles and management strategies.

A health policy seminar series, exposing scholars to current health policy issues, the policymaking process and analysis, health care financing, and the social determinants of health.

An introduction to interprofessional education that addresses effective collaboration across health professions.

Please visit our website to learn more about the program. If you or your applicants have additional questions, please contact shpep@aamc.org or 1 (866) 587-6337 (toll-free).

Below are a few resources that will help you and your students learn more about the program:

- SHPEP Applicant Flyer
- The Impact of SHPEP Video

The application deadline for SHPEP 2021 is Feb. 5!

Remember Soc 134? Sure you do...

Emile Durkheim – French Social Historian – from his study of religion and suicide wrote and believed...

“Where social mores (norms) are sufficient, laws are unnecessary.”

“Where social mores are insufficient, laws are unenforceable.”

Ultimately, people must control themselves to have a healthy and functioning society.

Supporting Individuals.  
Strengthening Communities.
SERVICES AVAILABLE AT NO COST

Service Coordination — Meetings with a social worker who will help you find and apply for programs and services to reach your goals.

Community Drop-In Centers — A place to gather with others to relax, learn, socialize, or participate in activities.

Mobile Crisis Response — Teams of professionals provide on-site, face-to-face mental health services for an individual or family experiencing a mental health crisis. They can respond wherever the crisis is occurring — in an individual’s home, the community, or other locations where an individual lives, works, attends school, or socializes. To access, call the Iowa Crisis Line 24/7.

Crisis Psychiatry — Appointments reserved by CICS for people experiencing a crisis with their psychiatric medication.

Crisis Therapy — Appointments reserved by CICS for people experiencing a crisis that they would like to speak to a therapist about.

Crisis Stabilization — A place to stay during a mental health crisis. Private rooms are provided, as well as therapy, medication evaluation, and help making a plan for when you are ready to leave.

Psychiatry While in Jail — Psychiatry appointments are available to those in jail within the CICS region.

Crisis Line — Support on the telephone, anytime day or night, for people looking for help with their emotions or mental health.

Warm Line — A phone line staffed by peer counselors, who provide support to an individual who is experiencing a personal crisis.

Outpatient Services

Non-Crisis Psychiatry — Service coordinators have information available about psychiatrists where you live. They can help you set up an appointment.

Non-Crisis Therapy — Service Coordinators have information available about therapists in your area. They can help you set up an appointment.

Housing Supports

Transitional Living Centers — A place to live when you need time and support to develop a new plan.

Supported Community Living — Assistance with learning skills such as cooking, cleaning and money management. These skills are taught one on one, in your home and in the community.

Residential Care Facilities — A place to live with a group of people when there is not enough support for you to live alone.

Short-Term Rental and Utilities Assistance — Help paying your rent and utilities in a time of crisis.

Work Supports

Supported Employment — Help with the entire job-finding process, as well as support after you are hired.

Pre-Vocational Training — Help to build skills so that you are ready for the job-finding process.

Group Employment Training — Opportunity to build on the job skills in a group setting to prepare you for a job on your own.

**ExerCYse is Medicine On Campus**

To encourage regular physical activity and understanding of its health benefits by members of the ISU campus and the Ames, IA community. A secondary aim of ExerCYse is medicine is to encourage health care providers to include physical activity as a ‘vital sign,’ including the consideration and recommendation of physical activity when designing treatment plans. ExerCYse is Medicine is committed to the belief that physical activity is integral in the prevention and treatment of disease and should be a part of medical care. ExerCYse is Medicine ambassadors will be active volunteers at events to help communicate this message. This organization is directly affiliated with the Iowa State University Department of Kinesiology and the American College of Sports Medicine.
